Equipment Control will be conducted according to the ISSF Rules and Regulations using approved instruments. Under rules adopted in 2013, pre-competition testing is no longer mandatory. As before, athletes are responsible for competing with legal equipment and clothing and are urged to submit all doubtful equipment and clothing to Equipment Control for checking before the competitions. All athletes are subject to being selected for random post-competition testing according to ISSF Rule 6.7.9.

All rifle athletes must have ISSF seals with serial numbers on their jackets and trousers. Any rifle jackets or trousers that do not have ISSF seals must be submitted to Equipment Control for inspection and the affixing of a seal before the athlete's first competition. Jackets and trousers that were previously inspected and have an ISSF seal continue to be valid except that athletes with more than one jacket or trousers must report to Equipment Control before their first competition to confirm which jacket and which trousers they will use. All other seal numbers for that athlete will be cancelled. Athletes that wish to replace a registered jacket or trousers with a new clothing item must bring that item to equipment control for inspection and a new seal. Previous seals will then be cancelled. Rifle athletes can have only one active jacket and trousers at any time.

Regarding the use of only air or CO<sup>2</sup> cylinders please refer to ISSF Rule 6.2.4.2. of the rule book which states the following:

It is the athletes responsibility that any air or CO<sup>2</sup> cylinder is still within its validity date. This may be checked by Equipment Control.

## 4. Participation

ISSF Member Federations may enter a maximum of three (3) athletes per World Cup event and up to two (2) additional athletes to shoot "out-of-competition" (called MQS Extra in the ISSF Online Registration Service).

The additional "out-of-competition" athletes will be listed separately according to their results, but without ranking – these results cannot be recognized as World Records (**ISSF Rule 3.9.5**).

### Special Note

The ISSF supports the participation of Junior athletes and therefore ISSF Member Federations are kindly asked to consider nominating Junior athletes for the additional "out-of-competition" entries, especially in the Youth Olympic Games events, 10m Air Rifle Men/Women and 10m Air Pistol Men/Women.

The maximum number of starts per event is the number of athletes which can be handled during the ISSF World Cup. This range capacity is affected by the set time frames and the number of available firing points.

If the maximum number of starts will be reached during the Final Entry process, a "waiting list" for the affected event(s) will be established on a first come first serve basis and further arrangements will be handled in cooperation with the ISSF Headquarters and the Organizing Committee.
